It does good things™

Bruce Davis, Chairman of the Board
Elmer's Restaurants, Inc.
Jasper's Food Management, Inc.
363 High Street
Eugene, OR 97401:

Dear Bruce:

This letter confirms that you have been an approved Oregon Lottery Key Person (based on the legal definition) without interruption since 1993.

In addition to satisfying a very detailed and in-depth personal, financial and criminal background investigation completed by the sworn officers of the Oregon State Police, a Key Person is determined by the Oregon State Lottery to be a person of good character, honesty and integrity.

Elmer's Restaurants, Inc. and Jaspers Food Management, Inc., companies in which you are a shareholder and Chairman of the Board, have been Oregon Video Lottery retailers for over ten years. Our reviews and audits of the retail establishments owned by Elmer's Restaurants, Inc. and Jaspers Food Management, Inc. have shown a strong record of compliance.

One of the Oregon Lottery's requirements is that you qualify for and maintain valid liquor licenses issued by the Oregon Liquor Control Commission, another State agency with its own statutes, rules and criteria, for each of your establishments. You have done so.

Over the years, I and my staff have found you to be cooperative, proactive, and willing to contribute your own ideas toward the betterment of the Oregon State Lottery.

On a personal note, I have enjoyed the opportunity to work with you and your team, and expect to continue our positive working relationship.

Sincerely,

Marcia Hutchins, Manager
Retail Contract Administration
